

## REMARKS

In the notice mailed September 12, 2005, the Examiner indicated that Applicants filed two separate sets of claims. According to the Examiner, one set contained errors, and the other set did not contain errors. The Examiner requested that Applicants correct the errors to address the claim objections in the previous Office Action.

Applicants' representative spoke with the Examiner during a telephone conversation on September 28, 2005. During the telephone conversation, Applicants' representative explained that only one set of claims was filed when the application was filed. The Examiner explained to Applicants' representative that the error appeared to be a USPTO scan error. As a result, the Examiner informed Applicants' representative that no action on the part of Applicants is required at this time.

If there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this reply, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,
